Mugisha Isaie

Frontend Web Developer | React JS Developer |JavaScript Developer

Kigali/Rwanda | +250790025794 | GitHub | LinkedIn | Email

PROFESSIONAL SUMMARY

Creative and detail-oriented Front End Engineer / JavaScript Developer with solid hands-on experience in building responsive Single Page Applications (SPA) and user-friendly web applications using HTML5, CSS3, JavaScript, React.js, React Query, Redux,Supabase,SQL,PHP and Tailwind CSS. Proven ability to create real-world projects such as ISAIE-HOTEL and MY-PIZZAS_SHOP and also MYSCHOOL showcasing strong skills in modern frontend frameworks and APIs. Passionate about writing clean code, continuous learning, and delivering impactful user experiences. Adept at using Git & GitHub for version control and project collaboration. Eager to join a forward-thinking team and contribute to impactful frontend engineering solutions.

PROFESSIONAL EXPERIENCE

Frontend Developer | Web Developer (Freelancer)
Upwork – Kigali, Rwanda *(Feb 2025 – Present)*

- Specialized in HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, and WordPress
- Delivered pixel-perfect, responsive websites with high performance and optimized UI/UX
- Built custom WordPress themes and plugins for client projects
- Implemented SEO best practices to boost search engine rankings and site speed
- Maintained clean, reusable code and collaborated with clients to meet project goals
- Currently building a strong Upwork profile with real-world solutions

Content Creator & Frontend Developer
YouTube – Mugisha Isaie Channel *(May 2022 – Present)*

- Created and published 20+ educational web development projects and tutorials
- Topics include HTML, CSS, JavaScript, React.js, and responsive design
- Reached over 1,000+ views and growing developer community engagement
- Designed reusable templates and taught modern frontend workflows
- Answered questions, provided mentorship, and built developer-focused content

Web Developer Trainee & Mentor
ESTG School Coding Club *(Jul 2021 – Aug 2024)*

- Mentored 50+ junior developers and designers, focusing on HTML, CSS, and JavaScript
- Co-organized and taught in coding workshops, improving project success rate
- Supported peer learning, code review sessions, and UI/UX best practices

Web Development Intern
N@TCOM *(May 2022 – Apr 2023)*

- Developed client websites using JavaScript, PHP, and CSS3,MYSQL
- Increased website speed by **30%** through optimization techniques
- Participated in team code reviews and UI planning meetings

Data Entry Specialist
BUSIGARI Health Center *(Aug 2022 – Jan 2023)*

- Managed health data and ensured accuracy in patient and inventory records
- Used digital tools to track and verify material supplies and applicant data

- Created daily logs and monthly reports to minimize errors in data management
- Supported voter registration through data entry and information verification

SKILLS

Technical Skills

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Styled Components
- **State Management & Tools:** React Query, Context API, Redux (Learning)
- **UI/UX & Design:** Responsive Design, Pixel-Perfect Layouts, Component-Based Architecture
- **Version Control:** Git, GitHub
- **API Integration:** REST APIs, Unsplash API
- **Build Tools & Deployment:** Vite, NPM, Vercel
- **CMS & Backend (Basic):** WordPress (Themes & Plugins), PHP, MySQL
- **SEO Optimization:** Semantic HTML, Performance Tuning, Meta Tags, Accessibility

Soft Skills

- Communication & Team Collaboration
- Self-Motivation & Continuous Learning
- Problem-Solving & Debugging
- Mentoring & Teaching
- Time Management & Task Ownership

PROJECTS

ISAIE-HOTEL

React.js, React Router,React Query Context API, Custom Hooks,Styled Component,Redux ToolKit,Supabase

- A hotel booking web app allowing users to browse, book, and view cabin details
- Built with clean component architecture and reusable UI elements
- Integrated dynamic routing and smooth user interactions
- Live Demo: https://vercel.com/mugishaisaies-projects/isaie-hotel || Code: GitHub

MY-PIZZAS_SHOP

React.js, React Router, Context API, Custom Hooks,Tailwind CSS,performance optimization,Redux ToolKit

- A responsive pizza ordering platform with menu browsing and order management
- Users can add items to a cart, calculate totals, and place mock orders
- Focused on interactivity, real-time state updates, and clean design
- Live Demo: https://my-pizzas-shop.vercel.app/ | Code: GitHub

WorldWise App

React.js, React Router, Context API, Custom Hooks,Styled Component,Reducer

- A travel app to log, map, and visualize travel destinations globally
- Uses interactive maps, location input, and stores travel logs
- Features dynamic views, state management, and modular design
- Live Demo: https://isaie-world-wide.netlify.app/ | Code: GitHub

EDUCATIONS

Advanced General Certificate of Education (A-Level)
ESTG (Ecole des Sciences et Techniques Gisenyi), Rwanda
Field of Study: Software Development
Graduated: 2024

- Focused on Programming, Web Development, Databases, and Computer Systems
- Built multiple school-based projects and participated in coding club activities

Self-Taught Web Development Training
2022 – Present

- Completed online and offline courses in HTML, CSS, JavaScript, React.js, Git, GitHub, WordPress, PHP, and MySQL
- Built and deployed real-world projects such as ISAIE-HOTEL and MY-PIZZAS_SHOP
- Currently advancing in React Query, Redux, Supabase, and Tailwind CSS
- Learned through platforms like FreeCodeCamp, YouTube, and real project challenges

University Enrollment (In Progress)
Planning to begin University studies in Software Engineering or Computer Science – Starting September 2025

- Actively searching for scholarship or funding opportunities
- Committed to deepening full-stack development and computer science knowledge

WEB DEVELOPMENT CERTIFICATIONS

Responsive Web Design Certification
FreeCodeCamp.org – Issued: 2024

- Covered HTML5, CSS3, Flexbox, Grid, Responsive Design Principles
- Completed hands-on projects and passed coding challenges

Web Development Training Certificate
N@TCOM Company, Rwanda – Issued: 2023

- Learned HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL
- Built foundational web projects in a collaborative learning environment

Web Development Certificate
CryptoTech Company, Rwanda – Issued: 2023

- Trained in modern frontend and backend technologies
- Participated in team-based project development and coding exercises
- **JavaScript Algorithms and Data Structures**
  FreeCodeCamp.org – Issued: 2025
- Covers ES6, functional programming, OOP, recursion, and data structures
- Completing real coding challenges to build strong algorithmic thinking

SPOKEN LANGUAGES

- English – Professional Proficiency
- Kiswahili (Swahili) – Conversational Proficiency
- Kinyarwanda – Native Language
